prayag®

With a vision to manufacture products with innovative cutting edge technology, Prayag has always delivered meticulously crafted flawless components to its customers. All these years it's been a journey of dedication and determination, accomplishments and achievements.

Today Prayag offers a wide array of sanitaryware, plumbing and hardware solutions for domestic and commercial application, including Chrome Plated Bathware, P.T.M.T. Bath Assets, Sanitaryware, Kitchen Sinks, Plumbing Pipes, Hardware, Water Tank & Geysers.

What is P.T.M.T. ?

"Bend me, shape me, anyway you want me" are the words of an old love song, but today they fit perfectly for an organic composition called plastics. One of the most versatile material in our modern world today.

Plastic technology has gone through a radical transformation over the last few decades. Today it has become a part of those products and components which were unheard of, a few years back.

In the year 1986 after extensive research and development, Prayag became the pioneer to introduce P.T.M.T. (or Polytetra Methylene Terephthalate), a revolutionary material best described as a next generation engineering Plastic for manufacturing faucets and other bathroom fittings. The results were amazing and an eye opener for the industry.

Since its introduction Prayag has diligently worked on many aspects of its various product attributes, to improve upon the quality of these ensembles, in terms of their finish, aesthetics, durability and performance standards. Today it is one of the finest product available in the market, with millions of satisfied users.

40 Years OF LEGACY

INDIA'S 1ST P.T.M.T. PREMIUM FAUCETS

HOW IS PRAYAG P.T.M.T. MANUFACTURED ?

It took years of extensive research, experience and expertise to develop a product that you see today. Many technological innovations, practical application modifications and contemporary aesthetic requirements led to continuous upgradation of the range, so that they are perfect for the modern day needsrequirements.

To meet these requirements, Prayag P.T.M.T. bath fittings are produced in one of the most modern manufacturing facility of the country. Using top quality raw material and the state-of-the-art sophisticated fully automated machines, the products come out of our manufacturing facility with a promise to perform flawlessly for years.

WHY PRAYAG P.T.M.T. ?

Prayag P.T.M.T. is a fusion of toughness, temperature & stress resistance like metal whereas the light weight, atmospheric immunity and cost effectiveness comes from its polymer origin. Prayag P.T.M.T. has a host of advantages over their metal or plastic counterparts

- Scratch Resistant
- High Temperature Stability upto 120°C
- No Scaling as in Metal
- Ideal for Hard Water
- Easy to Clean
- Safety Against Theft
- Wide Clour & Design Options
- Long Life
- Quality Standard (BIS Standards)
- 100% Foodgrade & Hygienic
- Easy to Install and Maintain
- Environment Friendly Material

THE ZERO DROP ADVANTAGE

It's high time that we start respecting water and save every drop of it from wastage. In-fact there is an extreme shortage of potable water around the globe. That's why Prayag P.T.M.T. faucets have been uniquely designed with a Zero Drop feature that means that these dripless faucets do not let even a single drop of precious water from getting wasted, once they are closed.

304 SUPER STEEL

STAINLESS STEEL SINKS

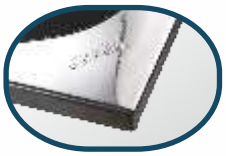

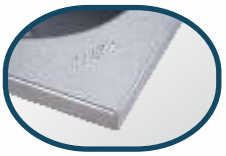

AVAILABLE FINISHES

GLOSS FINISH

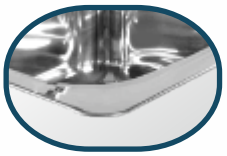

Mirror like super finish surface

AMERICAN BRUSH MAT

Specially polished for a rich and classy look

BIDING OPTIONS

Special Single or Triple biding design

UNIQUE FEATURES

Underbelly Safety

The external bottom of the bowl has a unique water resistance coating. It protects from corrasion due to humidity.(Only for Solitaire Range)

Plastic Protection

This plastic film protects the sinks from any scratches that might occur during installation.

Noise Muffler

This special sound absorption pad muffles the noise of utensils and water.

Made to Perform Better

The deeper bowls, with their absolutely vertical walls and scientifically designed boards, provide optimal space usage.

Made to Perform Better

Both sides muffler pad for sound proofing (in Handmade Sink)

A soft wipe or cloth are enough t0 clean a Prayag Sink with soap and water. You do not need to scrub hard or use strong, expensive detergents.
